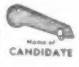
INSTRUCTIONS TO VOTER

Move the RED HANDLE completely to the RIGHT. This closes the curtain and unlocks the machine for voting.

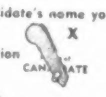
Constitutional Amendments and Special Questions

To vote for an amendment or question, turn down the pointer over the word "for" under that amendment or question. To vote against an amendment or question, turn down the pointer over the word "against" under that amendment or question.

Turn down a voting pointer over each candidate's name you wish to vote for from this position

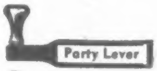


to this position

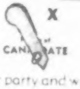


Straight Ticket

To Vote a "Straight Ticket" Pull out the



of the Party of your choice. This will turn down the voting pointers over



every candidate's name in this particular party and will give you a "straight" party vote.

IMPORTANT: You can make as many changes as you desire while the RED HANDLE is to the RIGHT. The machine is arranged so you cannot turn down more than the proper number of voting pointers for each office, so you cannot spoil your ballot by voting for too many candidates. To make a change simply push the pointer back up and make another selection.

Write-In Candidates: To write in the name of a write-in candidate, lift up the write-in slide cover bearing the numeral corresponding to the designated office and write in the name of the write-in candidate. Once a voter lifts a write-in slide, however, he cannot change his mind and use a candidate pointer in that office. This prevents over-voting.

Once you have made your selections, LEAVE THE POINTERS DOWN and move the RED HANDLE completely to the LEFT. This records your vote, clears the machine, and then opens the curtain. No one outside the machine can tell how you have voted.

Each voter in New Mexico is allowed a maximum of three and one-half (3½) minutes in which to vote. Vote promptly and leave the machine so the voter following you may have his turn.

Santa Fe, New Mexico

We have examined the Summary reflecting the results of the general election held November 7, 1978, for all statewide races, district legislative contests (both Senators and Representatives) and the races for district judgeships, and the State Board of Education races, as well as the results of the four (4) proposed constitutional amendments, and the related County Summaries of these contests submitted to the Secretary of State by the various County Clerks. Our examination generally included thorough tests for mathematical accuracy and accuracy in transferring election results from Precinct Summaries to County Summaries and from County Summaries to the State Summary. While we relied extensively on test checks of precincts reporting, we extended those checks to the extent deemed necessary to satisfy ourselves that our sample was representative of the entire county results.

In our opinion, the Summary presents fairly the results of the general election held November 7, 1978.

DIRECTIONS FOR VOTING

1. **Move the RED HANDLE completely to the RIGHT.** This closes the curtain and unlocks the machine for voting.
2. **Turn down a voting pointer over each candidate's name you wish to vote for from this position**  Name of CANDIDATE **to this position**  X Name of CANDIDATE

   IMPORTANT: You can make as many changes as you desire while the RED HANDLE is to the RIGHT. The machine is arranged so you cannot turn down more than the proper number of voting pointers for each office so you cannot spoil your ballot by voting for too many candidates. To make a change simply push the pointer back up and make another selection.

   WRITE-IN CANDIDATES: To write-in the name of a candidate in a Primary Election, the candidate must be a DECLARED WRITE IN CANDIDATE.

   To write in the name of a "declared" write-in candidate, lift up the write-in slide cover bearing the numeral corresponding to the designated office and write-in the name of the **declared** write-in candidate. Once a voter lifts a write-in slide, however, he cannot change his mind and use a candidate pointer in that office. This prevents overvoting.

   IMPORTANT: Any name written in other than the name of a declared write-in candidate will be held invalid and shall not be counted.
3. **Once you have made your selections, LEAVE THE POINTERS DOWN and move the RED HANDLE completely to the LEFT.** This records your vote, clears the machine, and then opens the curtain. No one outside the machine can tell how you have voted.

   YOU MUST NOT LOITER. Each voter in New Mexico is allowed a maximum of three and one-half ($3\frac{1}{2}$) minutes in which to vote. Vote promptly and leave the machine so the voter following you may have his turn.

INSTRUCCIONES PARA VOTAR

1. **Mueva la PALANCA ROJA completamente a la DERECHA. Esta cierra la cortina y abre la maquina para votar.**
2. **Baje el indicador de votar sobre cada nombre del candidato por el cual usted desea votar por esta posicion**  Nombre de CANDIDATO **a esta posicion**  X Nombre de CANDIDATO

   IMPORTANTE: Usted puede hacer cuantos cambios como usted desea mientras la PALANCA ROJA esta a la derecha. La maquina esta arreglada para que usted no pueda bajar la palanca mas que en el numero apropiado de los indicadores de votar para cada puesto, para que asi usted no pueda echar a perder su boleta al votar por muchos candidatos. Para hacer un cambio simplemente empuje el indicador otra vez para arriba y haga otra seleccion.

   CANDIDATO WRITE-IN (no en la lista): Para escribir el nombre de un candidato en una Eleccion Primaria, el candidato debe ser un CANDIDATO DECLARADO WRITE-IN (no en la lista).

   Para escribir el nombre de un candidato "declarado" write-in (no en la lista) levante la lamina write-in (no en la lista) que tiene el numero correspondiente al puesto designado y escriba el nombre del candidato **declarado** write-in (no en la lista). Una vez que el votante levante la lamina write-in (no en la lista) no obstante, el no puede cambiar de opinion y usar un indicador de candidato en ese puesto. Esto previene el votar otra vez.

   IMPORTANTE: Cualquier nombre escrito que no sea el nombre de un candidato declarado write-in (no en la lista) anulara la boleta y no sera contado.
3. **Una vez que usted haga sus selecciones, DEJE LOS INDICADORES ABAJO y mueva la PALANCA ROJA completamente a la IZQUIERDA.** Esto registra su voto, limpia la maquina, y entonces abre las cortinas. Nadie fuera de la maquina se da cuenta como usted voto.

   NO DEBE PERDER TIEMPO. Todo votante en Nuevo Mexico se le permite un maximo de tres y medio ($3\frac{1}{2}$) minutos para poder votar. Vote prontamente y deje la maquina para que asi el votante que le sigue pueda tener su turno.

We have examined the Summary reflecting the results of the primary election held June 6, 1978, and the related County Summaries submitted to the Secretary of State by the various County Clerks. Our examination generally included thorough tests for mathematical accuracy and accuracy in transferring election results from Precinct Summaries to County Summaries and from County Summaries to the State Summary. While we relied extensively on test checks of precincts reporting, we extended those test checks to the extent deemed necessary to satisfy ourselves that our sample was representative of the entire County results.

In our opinion, the Summary presents fairly the results of the primary election held on June 6, 1978.
